

Cable BS References

125	Electric conductors, copper and copper-cadmium, for overhead transmission
215	Electric conductors, aluminium and steel-cored aluminium
4066	Electric cables, tests under fire conditions
5308	Insulated cables, instrumentation, intrinsically safe
5467	Power Cables, armoured thermosetting-polymer insulated, for electricity supply
6004	Insulated cables, PVC insulated, non-armoured
7919	Insulated cables, rubber-insulated, non armoured
6116	Flexible cables, elastomer-insulated flexible trailing cables, for mines and quarries
6141	Flexible conductors, for high temperature zones
6195	Flexible cables, insulated, for coil leads
6231	Single-core cables, PVC insulated, for switchgear and controlgear
6234	Insulated cables, polyethylene
6346	Power Cables, PVC-insulated, for electricity supply
6360	Electric conductors, insulated cables
6500	Flexible cables, insulated cords and cables
6622	Power Cables, thermosetting-polymer insulated, high voltage
6708	Flexible cables, trailing cables, mining equipment
6724	Thermosetting polymer insulated, for electricity supply, low smoke
6726	Flexible conductors, for festoon and temporary lighting
6746	Cable sheaths, PVC
6862	Electric cables, road vehicles
6883	Insulated cables, elastomer insulated cables, for ships
6899	Cable sheaths, rubber A
6977	Multicore cables, insulated flexible cables, for lifts
7211	Power Cables, thermosetting polymer insulated, non-armoured, low smoke
638	Flexible cables, arc welding
6746C	Insulated cables, PVC insulation, colour chart
